MEMORANDUM FOR: Director of Central Intelligence
THROUGH: Deputy Director of Central Intelligence
SUBJECT: FY 1966 through 1971 Program Cost Estimates

1. The attached guidance from Dr. McMillan was provided to General Ledford as the steward of CIA programs (i.e. [redacted]). Much of it is detailed and tells him how to run OXCART and IDEALIST. Of more interest is his guidance for the advanced aircraft (ISINGLASS) [redacted]

2. The budget which we actually submitted (and which I provided you both the other day) essentially ignores this guidance and proposes funding levels for these programs necessary to carry them forward. However, I thought it would be useful for you to be aware of this earlier direction since it tends to limit not only our funds but also our application for such funds.
